vWar Info block 2.1 Released!!!

2006-02-02 01:33:01 by xenomorph

Changes: 01-Feb-2006

* Calendar file has been completely re-written, known errors taken out.

* Clan records wrong calculation bug solved.

Get it [HERE](#)

If some of you have a whish, or what you would like to see in a next release, you can post in our tech-support forum.

Like, if you want an admin panel to set the settings, more control over the block setup (move certain parts like countdown to the bottom and records at the top). Just let me know, if there are enough people who want these features or have different requests, I will start on it and will
